Re: Notice of Disposal of Surplus Property

We recently retired four rugged laptops that were being used in Fire vehicles. These laptops were purchased in early 2010. Three of these laptops are in poor condition and will be placed onto a future resolution for recycling. One laptop is still in good condition and the Fire Chief is seeking permission to donate it to the MABAS Division XII Technical Rescue Team for field use. The donated laptop will be used to store rosters, technical rescue "handbook"/checklist information, and for digital recording of field notes.

The laptop to be donated is a Latitude XT2 XFR Intel Core 2 Duo 1.6GHz with serial number CM28XL1.
