REQUEST FOR QUALIFICATIONS: Traffic Engineering Services

Requesting: Request for Qualifications (2 originals compiled as described within)

Issue Date: August 2016

Qualification Submittal due: Thursday, August 18, 2016 end of business

Attention: Joan M. Schouten MBA CPIM CPPB

Procurement Officer
Wheaton City Hall
303 West Wesley St. / PO Box 727
Wheaton, IL 60187

The City of Wheaton is requesting statements of qualifications from qualified professional engineering consultants for professional traffic engineering services. It is the intent of the City to select one or more engineering consultants to perform the following general traffic engineering services.

- Residential street intersection traffic control analyses and studies with recommendations for traffic control device implementation.
- Traffic counts for vehicular and pedestrians by manual, automated, or video collection systems.
- Residential street speed limit studies and whole community speed limit alteration analysis.
- Development of traffic engineering based policy statements and reports for consideration by elected officials for adoption.

The selected professional engineering consultants shall present and support the following minimum qualifications for consideration.

- Demonstration of previous work experience performing similar traffic engineering services for municipal clients with emphasis on DuPage County located municipalities.
- Demonstration of traffic engineering written reports and studies.
- Qualified professional staff demonstrated by resumes; Project Manager or lead traffic engineer shall possess Illinois Professional Engineer's license, and Professional Traffic Operations Engineer certification.
- List of recent municipal client references with contact information and work performed.
- List of standard service fees and charges.
