After review of the bid and contacting references, it was determined that the low bidder, Muscat Painting and Decorating, is a responsible bidder that is qualified and experienced with this work. Staff reviewed the bid options and selected Option 2 for streetlight poles in Groups 1 and 3, for a total cost of \$34,590.20.

Funding for 2017 Streetlight Pole Painting is included in the FY 2017/18 Public Works General Fund. The budget for streetlight pole painting is \$25,000. Additional funds are available in the General Fund that may be used to fund the balance of the streetlight pole painting.

I recommend the City Council approve the attached resolution authorizing the execution of an agreement with Muscat Painting and Decorating for \$34,590.20.

Agreement exhibits are on file in the City Clerk's office and available for review.
