

Request for Information (RFI) for Print, Copy, Scan, and Fax Devices and Services

1. INTRODUCTION

The City of Wheaton has a fleet of multi-function copiers, printers, scanners and large-format devices located in ten municipal facilities. The current leases for the devices are near expiration (a small number of devices are owned by the City). There are 51 total devices, listed in Appendix A.

2. PURPOSE

The purpose of the RFI is to solicit information for possible solutions for the replacement of the existing multi-function devices and improvement of the current print environment. The City of Wheaton is requesting information from companies that specialize in the sale, lease, supply, maintenance, and management of print and multi-function devices. The information collected will assist in the preparation of a Request for Proposal that will be issued in early September, subject to change.

3. PROCESS

A committee of end users and department stakeholders will review the RFIs as part of the process for developing a formal Request for Proposal. Respondents may be contacted for additional information or clarification of any aspect of their RFIs prior to issuing the Request for Proposal.

4. SCOPE of INFORMATION

Interested companies should prepare a written narrative no longer than six hundred words (two pages) describing how they would approach this project. The committee is seeking innovative, insightful, relevant, and understandable responses. Vendors are encouraged to utilize their experience and knowledge of industry best practices to prepare a summary of options for consideration including, but not limited to:

- Unique approaches that helped other similar sized customers/municipalities
- Optimal device functionality and right-sizing of equipment to meet the City's needs
- Financing / leasing options based on industry standards for lifecycle replacement
- Equipment reliability and maximizing device uptime
- Security
- Improving efficiency and reducing overall printing costs

5. DUE DATE

Responses must be received by Chad Michaelis at cmichaelis@wheaton.il.us no later than 5:00 p.m. on Wednesday, August 23rd.

6. THIS IS A REQUEST FOR INFORMATION (RFI) ONLY

This RFI is issued solely for information and planning purposes. This request for information does not commit the City of Wheaton to contract for any supply or service whatsoever. The City is not at this time seeking price proposals and will not accept unsolicited proposals. Not responding to this RFI does not preclude participation in any future RFP. If a solicitation is released, it is the responsibility of the potential offerors to monitor the City of Wheaton website for additional information pertaining to this requirement.
